BLUNDERS OF PARTY RECITED

A. J. Ross Recalls Mistakes That Have Been Made in Mexico and in Domestic Policy

MAKES SPEECH AT NEW SALEM

Says Democrats Did Nothing When Placed Into Power but Changed the Tariff Law

A. J. Ross of Andersonville was given a great ovation last night by his friends and neighbors in New Salem where he addressed a republican meeting. The speaking was held in the garage and was attended by a crowd of 250. Jack Ross, who is always at home to a New Salem audience, delivered a spirited republican speech and was frequently applauded.

"I want to talk to you tonight," said Mr. Ross, at the start of his address, "in a spirit of friendship and comradeship. There are some here who do not agree with me politically but we are all friends and those who do not agree with me are just as good citizens as I. They are my friends and your friends and are entitled to their opinions.

"When I was here speaking to you four years ago there was a feeling of sadness and disappointment. We had a divided party. I knew it was a hopeless cause that year and you knew it but I knew that the republican party would 'come back' because a thing that is right will prevail and the republican party has always been right. Four years ago it was a difference of opinion but not of principles. In 1912 we were hopelessly defeated. The democrats yelled that we were gone. They came into power and what did they do? They changed only one thing and that was the tariff.

"The party that was elected by the smallest minority in the history of the country changed only one thing when it came into power. In the fall of 1914 there came another election. The vote in that election was not a vote of confidence in the democratic party and every election since has been favorable to the republicans. You recall the result in Maize. Yet the democrats declare to you that the election was satisfactory to them. They lost two United States Senators and the governor of the state, yet they say it was satisfactory. If we had carried the state by 20,000 they would have said we should have carried it by 25,000, and so it goes. We don't care what we carry Indiana by this fall, my friends, just so it's a majority. I don't care if it's 140,000 or a mere 10,000.

"They told you in 1912 that if you would elect John W. Kern to the United States senate they would reduce the high cost of living. You remember how Kern yelled about forty cent bacon. You remember how they have reduced the cost of bacon so much so that Kern isn't saying a thing about it now. They also told you they would reduce the cost of sugar. You remember how it was done, don't you? They took the tariff off and now we go to the grocery and come away with capsule full for our quarter of a dollar.

"The democrats didn't get any revenue from the sugar imports and then what did they do? They put a war tax on almost everything from deeds and notes on up. That's the way we have paid for this decrease in revenue derived from having no tariff on sugar. Then they took off the war tax on notes and deeds as you know just on the eve of the election."

Mr. Ross then declared that there was not a thinking man there that

CAR DASHES INTO A DITCH

Auto Belonging to J. H. Kehl of Connersville is Damaged.

An automobile driven by J. H. Kehl of Connersville was slightly damaged late yesterday afternoon when Kehl lost control of the car and it dashed into a ditch, hitting a pole. The accident occurred in West Third street. Kehl and a young woman were the occupants of the car, but neither was hurt.

SCHOOL BOY RUN DOWN BY BUGGY

Paul Maple, Age 9, is Painfully Hurt at New Salem When Wheels Pass Over His Face

PLAYING IN FRONT OF SCHOOL

Paul Maple, 9 years old, of New Salem, was painfully hurt Thursday afternoon, when he was run over by a rig driven by Samuel Ferguson. The accident occurred in front of the temporary school building, during the recess. The children, with a limited playground, have been in the habit of using the street, and the little boy failed to see the rig.

He was knocked down and the buggy passed over him. One of the wheels passed over his mouth and one side of his face. The boy's lip was badly cut and he was considerably bruised. For a time it was thought he was seriously hurt. He was removed to the home of his parents, Mr. and Mrs. Walter Maple, and while he spent a restless night he was somewhat improved today and it is now believed his injuries will not be serious.

GIRL 17 YEARS OLD COMMITS SUICIDE

Miss Aileen Gilson Drinks Carbolic Acid at Home of Mrs. Hood This Afternoon.

IS DAUGHTER OF ED GILSON

Miss Aileen Gilson, 17 years old, committed suicide this afternoon by drinking carbolic acid. The girl was a daughter of Mr. and Mrs. Edward Gilson. Her father is employed in Connersville, but her mother resides in this city. The deed was committed at the home of Mrs. Martha Hood at 225 West Third street.

The cause is not known. The girl drank about three-quarters of an ounce of the acid and died within about fifteen minutes, before medical aid could reach her. Coroner Green was called immediately but has not yet taken any evidence in the case.

The girl died about 2:45 o'clock suffering great agony. She is survived by her parents, two sisters and two brothers.

OPPOSE DREDGING.

(By United Press.)

Alexandria, Ind., Oct. 20.—A farmer's league has raised more than \$3,000 to oppose the proposition of dredging Pipe Creek from Alexandria to Frankton and thence to Perkinsville. The farmers declare that the benefit to be derived from dredging would not be commensurate with the cost of the work. The report of commissioners appointed to investigate the plan, will be presented in January.

Indianapolis, Oct. 20.—Michael O'Connor who celebrated his ninety-ninth birthday anniversary last August, voter since 1856, registered here for the first time.

WEATHER RUNS TRUE TO FORM

Blizzard Comes in Unbidden and the First Snow of the Winter Needs no Alibi

MERCURY DROPS OVER NIGHT

Isn't so Much the Cold, It's the Wind Commonly Heard—Velocity Measured by Flying Hats

In the summertime, it is commonly said: "It isn't so much the heat, it's the humidity."

In the wintertime, around the stove, someone says, and everyone echoes: "It's not so much the cold, it's the wind."

It matters not whether it's summertime or wintertime, it's hot when it's hot and cold when it's cold, whether the humidity or the wind gets the credit.

But to get to the point, this was one of those "it's-not-so-much-the-cold-it's-the-wind" kind of days. Whether it was the wind or the cold, it was cold, spelled in capital letters, though the thermometer showed only 42 degrees above zero.

The tailend of the Gulf states storm arrived unbidden some time early this morning and proceeded to blow away everything that was lying around loose. Incidentally snow fell at intervals during the morning, the first snow of the winter of 1916-1917.

There was no way to measure the velocity of the wind except by the rate at which many people's hats went down the street, which seemed about fifty miles an hour. And there were plenty of opportunities to get at the wind's rate of travel in this manner.

Although winter weather is likely not here to stay so early in the winter, the weather man says it will be clear tonight and colder tomorrow. Last night was exceptionally warm, the mercury rising to seventy degrees, and the sudden drop made today all the more disagreeable.

The Indiana weather bureau last night "saw" the blizzard coming, but the warning was not in time for the blizzard was here by the time people read about it in the morning newspapers. It was by no stretch of the imagination that the white flakes that fell this morning could be called snow. Frequently the first snow takes a lot of alibi, but it was not so today.

CONTROLS PART OF CHIHUAHUA STATE

Villa Has Entire Western and Southern Sections, Mexican Officials Admit Today

CARRANZA EXPECTS ATTACK

(By United Press.)

El Paso, Tex., Oct. 20.—The entire western and southern portions of the state of Chihuahua is now under control of Villa, according to admissions made by Mexican officials at Juarez, as details of the bold bandit raid last Tuesday on the town of San Andres began to reach the border today.

The town of San Andres is only twenty-five miles west of Chihuahua City. According to refugees, Carranzista troops are making no efforts to chase the bandits and are avoiding a conflict.

Thousands of Carranzista troops brought from southern Mexico are being held in Chihuahua City to aid the garrison there as the authorities expect an attack.

DIFFERENT CUTS MEAT DISCUSSED

Head of Domestic Science Department of Purdue Gives Some Hints to Housewives.

FIRST OF LECTURE SERIES

This Afternoon Lecture and Demonstration is About Vegetables and Their Food Values.

Miss Garvin in her talk and demonstration today sounded her watch word of practicability that will continue throughout her course of demonstrations to be given here. Miss Garvin, head of the domestic science department at Purdue university, is here under the auspices of the Domestic Science club of this city for the meetings held in the court house assembly room today and morning and afternoon sessions tomorrow. Her talk this morning on "Meats" giving in detail the location of the cuts and how best to cook them, as well as her demonstrations this afternoon of vegetables was simply full of suggestions and facts that are not only helpful but almost imperative for the modern housewife to know.

Tomorrow morning, the sessions will continue at 9:30 o'clock with a demonstration on "Attractive and Palatable Salads from Materials Usually Found in the Average Home;" and in the afternoon at 1:30 on "Attractive and Simple Desserts from Inexpensive Materials." The afternoon meeting is put at this time in order that those wishing to attend the Doman class may do so. Miss Garvin is a very able and clear speaker and with her demonstrations shows her knowledge of everything in the household science line.

In her introduction this morning, Miss Garvin gave the general outline of the location of the different cuts of meat and their value. "Not always is the most expensive cut of meat, the best, all depends on how it is prepared. As to economizing in these days of the high cost of living, if fuel and your time are valuable, it is better to buy high meat that takes a shorter time to cook. On the other hand, if you have time and fuel is not high, a cheaper and tougher cut may be prepared in just as tempting and digestible a way in a longer time." The greater part of Miss Garvin's talk dealt with how to prepare cheap cuts of meat to best advantage. Too, she showed where the cuts were in order that they could be ordered by name and the buyer would know what she was buying.

Miss Garvin suggested several ways of making a tough cut of meat tender. To bury a steak in crushed ice for an hour or to let it soak in sour milk over night, tend to make the tissues more tender. Every piece of meat passes through three stages. First when it is killed and is warm and tender; in the second stage, when the warmth has just gone out it is tasteless and the juices coagulate; in the third stage after it is cooled it becomes tender again. For this reason, it is better not to eat a chicken the same day it is killed for it only reaches the second stage. "Sour milk not only makes a steak tender, but too is more nutritious and cheaper. I usually use it in making a loaf."

The location of the loin steak on the hind quarter, round bone loin steaks, double bone loins, hip bone steaks, porter house and other cuts of meat were described by Miss Garvin. "The chuck roast between the 5th and 6th ribs is good, both in flavor and it gives enough for some to be left for the next meal."

Miss Garvin emphasized the value of mutton as a digestive food and said prejudice kept the people from

LOAD LOOT IN AUTOMOBILE

Bandits Hold up N. Y. Central Freight Near Blasdell, N. Y.

(By United Press.)

Buffalo, N. Y., Oct. 20.—A New York central freight train heavily laden with merchandise, bound for Chicago, was held up by armed robbers near Blasdell early today and the cars looted. When the train was stopped an auto truck was backed up, a car door opened and the truck loaded with merchandise.

SHARP'S DEFENSE IS SENSATIONAL

Jury Hears Unusual Case Being Prosecuted by Miss Mary Souther in Circuit Court.

G. W. SILER GETS JUDGMENT

The case of Mary Souther against Alfred Sharp occupied the attention of the circuit court today. The case went to the jury this afternoon. Miss Souther alleges Sharp is the father of her child. Most of the testimony was of a character to be unprintable. The defense of Sharp was one of the most sensational ever submitted in a case of this kind and was credited as being a frame-up by the attorney for the plaintiff. John A. Tittsworth represented Miss Souther, while Kiplinger and Smith appeared for the defendant.

The jury yesterday which heard the case of George W. Siler against John T. Green and Marshall Green, returned a verdict for Siler in the sum of \$29.85 after being out about two and one-half hours. This means that Siler will have to pay the costs as he did not get as much as he did in the squire's court, where the case was originally tried. The verdict was virtually a victory for the defense as the judgment was reduced from \$70 to that returned yesterday.

CANDIDATES NAMES CERTIFIED TO CLERK

Will be Three County Tickets in the Field, Republican, Democratic and Progressive.

THERE MAY BE ONE SOCIALIST

With the exception of the socialist ticket, all of the county tickets to be voted on at the election, November 7, have been certified to the clerk of the court and the election commissioners will meet next Monday to start work on getting out the county ballots.

The republican and democratic tickets were certified as nominated at the primary. There were two changes in the progressive county ticket. Donald Kiser withdrew as a candidate for county auditor, and Will A. McCoy of Greensburg, candidate for joint senator, sent notice of his withdrawal as a candidate on the progressive ticket.

Tomorrow is the last day for certifying the names to the clerk. The socialists have a candidate for joint senator, but it is doubtful if the name is received in time. The election commissioners are the same as in the primary, namely, Clerk Taylor, Verne W. Norris and Donald L. Smith.

ATTEMPT SEEN TO KILL WILSON

Man Giving Names as Richard Cullen Makes Determined Effort to Mount President's Car

INCIDENT AT PITTSBURGH

Says he is Dissatisfied With President's Handling of Foreign Affairs—Thought insane

BY ROBERT W. BENDER

(U. P. Staff Correspondent.)

Pittsburgh, Penn., Oct. 20.—During the president's ride about Pittsburgh today a man carrying a black satchel made determined efforts to jump on the running board of the president's car. He was finally overpowered and taken to a station house by the police.

At the station house the man gave the name of Richard Cullen. He is a Pittsburgher, 22 years old. When questioned he said he was dissatisfied with the president's handling of European affairs, but did not admit that he intended to attack the president.

In the satchel the police say they found a large bladed knife and some chisels. The catch was unfastened.

After examining the prisoner the police expressed the belief that Cullen is insane and will hold him for further investigation. The attack occurred in the heart of the city.

During the struggle between Cullen and secret service men a loaded revolver fell into the street. Whether the gun belonged to Cullen or the police is yet to be determined.

SERBIAN ARMY PUSHES FORWARD

In Face of Stubborn Bulgarian Resistance, Advances Two Miles Past Monastir

BERLIN DENIES STATEMENT

(By United Press.)

London, Oct. 20.—In the face of stubborn Bulgarian resistance the Serbian army has pushed two miles northeast of the Bulgarian base at Monastir, according to the official report this afternoon.

The forty-first and twenty-eighth Bulgarian regiments, the official statement declares, have been defeated and four machine guns, three field guns and 80 prisoners taken.

The Serbian claims of further successes are denied in the official statement from the Berlin war office. Berlin's official statement admitted that the Serbian army has made some gains but declared that the offensive in Cerna has been checked.

Fragmentary messages from the Greek capital indicate that the situation was more critical despite military reports yesterday to the contrary.

On the western front heavy rains continue to impede the operations. The Germans reported the recapture of trenches north of Somme from the British.

GERMAN OFFICER WOUNDED.

(By United Press.)

Rome, Oct. 20.—Field Marshall Falkenhayn former chief of the German army staff has been wounded in the leg and compelled to relinquish command of the Austro-German army in the Transylvania, according to reports received here today. Falkenhayn was named chief of the general staff succeeding Moltke in 1914, and was displaced by Von Hindenburg. He later took command of the Transylvania fighting.

PLAN FOR CONFERENCE

The Methodist preachers of the Connersville district had a meeting yesterday at the home of the Rev. W. M. Whitsitt of this city when they made out the program for a revival conference to be held in Shelbyville the latter part of this month. There is a possibility of Bishop Anderson being present at the conference. Dr. C. E. Bacon, presiding elder of this district, presided at the meeting yesterday.

NO RELIEF FOR TROOPS

(By United Press.)

Washington, Oct. 20.—No further important relief of border troops is contemplated by the war department until after the American-Mexican commission has reached a decision, it was learned today. If the decision is satisfactory the troops, it is said, will return in a body. Otherwise all will probably be left at their present border stations.

We put it up to
Hundreds of Dentists

Long before SENRECO was offered to you we submitted it to hundreds of dentists, requesting that they put it to every test. Told them that we believed Senreco to be an unusually good dentifrice, especially as to its cleansing qualities and its remedial action on sore, soft, bleeding gums; in the treatment of Pyorrhea, etc. Submitted the formula and asked them their opinion. They tested Senreco from every angle; some going even so far as to make a chemical analysis—

And They
Voted Yes

With practically one accord—said:

"Senreco appeals to me more than any dentifrice I have ever seen." "I cannot say too much for Senreco. It's one of the best I have used." "I can recommend Senreco as the best." "Makes the teeth gleam and is free from injurious ingredients, including pumice and grit." "I am indeed glad to get a tooth paste that does the work." "Congratulate you on formulating a dentifrice that gives one a new idea of mouth cleanliness, etc." (These quotations are from the dentists' reports. Originals on file at our office.)

With such endorsements from the men who know, why not go to your dealer today and get a tube of SENRECO -- 25c. Keep your teeth REALLY CLEAN, and protect yourself against Pyorrhea and decay.

● A copy of the folder, "The Most General Disease in the World" together with a liberal trial size tube of SENRECO will be mailed you for 4c in stamps. The Sental Remedies Co., Inc. Dept. B, Masonic Temple, Cincinnati, Ohio.

Indianapolis Woman Tells the Story of Her Relief Through Tanlac's Use

Indianapolis, Ind., Oct. 19.—Mrs. Carrie Meyer, a well known resident of this city, told the following story here recently during one of the many discussions held in this city each day regarding Tanlac, the Master Medicine:

"Stomach trouble caused me a great deal of pain and annoyance for a long time. Finally my condition became run down generally. Headaches bothered me frequently; food fermented in my stomach; my appetite was poor. There was a bad taste in my mouth and my breath was offensive.

"The headaches are a thing of the past since I have taken Tanlac and generally I have derived big benefits from the medicine's use. I'm not bloated after meals as before and my appetite is fine now."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism and the like, and is a fine blood purifier and a general tonic for weak run-down people. Tanlac is now sold exclusively in Rushville at F. E. Wolcott's drug store; in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Sons, and in Milroy at Barton and Sheppard's.—(Adv.)

THE PUREST OF CHEWS IS "OLD KENTUCKY"

Perfect Plugs Produced by
the Most Wholesome
Methods

ITS FLAVOR A DELIGHT

There's more genuine tobacco enjoyment in a rich, mellow, juicy chew of high-grade plug than in any other form of tobacco.

And there's no plug made that is so delicious and appetizing as Old Kentucky. It has the fresh, sweet, mellow taste that Nature gives the tobacco leaf. You get real tobacco flavor in Old Kentucky—and you get it pure.

From the time the ripe Burley leaf reaches our factory, until it goes out to gladden your taste with its rich flavor in golden brown plugs of Old Kentucky, it is kept pure by the most modern methods ever applied to the making of chewing tobacco.

No factory could possibly be cleaner or more sanitary than the great, new factory in which Old Kentucky is made.

For a good chew—get a plug of Old Kentucky.

Try a 10c plug to-day.

Evlyn White vs. Willard Colter, Harry Colter, Fred T. White.

Complaint No. 1018.

Now comes the plaintiff, by Kiplinger & Smith, and Tremain & Turner, attorneys, and files her complaint herein, together with an affidavit, that the residence of the defendant, Fred T. White, is unknown, and that diligent inquiry has been made to ascertain the residence of said defendant, but that said inquiry has not disclosed the residence of said defendant.

Notice is therefore hereby given said defendant, that unless he be and appear on the 27th day of November, 1916, the same being the 7th judicial day of the November term, 1916, of the Rush Circuit court, to be holden at the court house in Rushville in said county and State, and answer or demur to said complaint, the same will be heard and determined in his absence..

In witness whereof I have hereunto set my hand, and affixed the seal of said court, at Rushville, this 29th day of September, A. D. 1916.

Ford's Logic.

With that keen appreciation of business which has made him so successful, Henry Ford of Detroit has announced his intention of establishing an automobile factory in England in order that he may be able to avail himself of the abundant supply of cheap labor which will follow the end of the war. The London Daily Telegraph has started a movement to prohibit the importation of all American cars after the war. It points out, apropos of the effect of the war upon the equipment of motor works, that, "The small shop is now the big shop, large works have become factories, and those works which were approaching factory proportions have so grown as to cover acres and acres of ground, fully equipped with tools and appliances for large production. At present they are occupied with war work, but the time must come, sooner or later, when these shops will have to depend for orders upon the motor using public. If America could produce a four-seated vehicle fitted with electrical equipment for lighting and starting for 100-pounds (\$500), this country should certainly be able to produce an improved article for 150 pounds or so." The

WHY THAT LAME BACK?

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Rushville resident's example.

Samuel A. Brown, 206 Pearl St., Rushville, says: "I had a severe attack of backache and it became worse every day. Finally, the trouble was so bad that I could hardly raise my foot above the ground. When I stopped I thought my back would break. I used Doan's Kidney Pills and was very much surprised at the prompt way in which they stopped the trouble. In a few days, I was free from pain."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement)

Telegraph then goes on to advocate the exclusion by the Allies of all American made cars when the war ends. It declares that with American and German cars excluded, England, France and Italy should be able to capture the trade of Russia.

Canada For Wilson.

"A United States Congress that will not alter the Underwood tariff is the hope of British manufacturers and especially those with factories in Canada." This is the message which comes from the proceedings of the British Trade Commission at Winnipeg, where the Commission is conducting investigations to determine the best means of promoting imperial and Dominion export trade once the war is over. "If present plans of the Trade Commission work out," telegraphs the Winnipeg correspondent of the New York Herald, "the tariff wall around Canada will be raised so high that few if any of the products of the United States factories will be able to reach this market, while at the same time it is hoped to see Underwood tariff continue in existence to the end that the trade balance with the Republic will be substantially in favor of Canada." The Underwood tariff has already done wonders for Canada and writes the correspondent, the Canadian belief is that "A democratic Congress in the United States will insure a continuance of this ideal condition."

WOMAN HAD NERVOUS TROUBLE

Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for female troubles and it straightened me out in good shape. I work nearly all the time, as we live on a farm and I have four girls. I do all my sewing and other work with their help, so it shows that I stand it real well. I took the Compound when my ten year old daughter came and it helped me a lot. I have also had my oldest girl take it and it did her lots of good. I keep it in the house all the time and recommend it."—Mrs. DEWITT SINCEBAUGH, West Danby, N. Y.

Sleeplessness, nervousness, irritability, backache, headaches, dragging sensations, all point to female derangements which may be overcome by Lydia E. Pinkham's Vegetable Compound. This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

LITTLE CHANCE FOR MINERS

Ten Entombed at Barrackville Can't Escape—Rescuer Dies

(By United Press.)

Barrackville, W. Va., Oct. 20.—Superintendent Jones of the mine rescue car from Pittsburgh was asphyxiated while trying to reach entombed men at the Jameson mine today. Hope for 9 or 10 men believed to be sealed in one of the mine chambers has practically been abandoned. The workings are filled with gas. Six bodies were taken from the mine early today.

The Influence of Clothes

For the visual influence of clothes, look to the stage. The matinee idol is always immaculate.

For the authoritative influence of clothes look to the brass-buttoned uniform of a policeman. This impression imparts a sense of security as well as respect.

For the soul-stirring influence of clothes, look to the uniformly clad corps of soldiers on parade or marching off to war.

For the democratizing influence of clothes look to our conventional everyday civilian garb. Millionaire and pauper, employer and employe, doctors, lawyers, senators and scientists dress almost entirely alike.

(By United Press.)

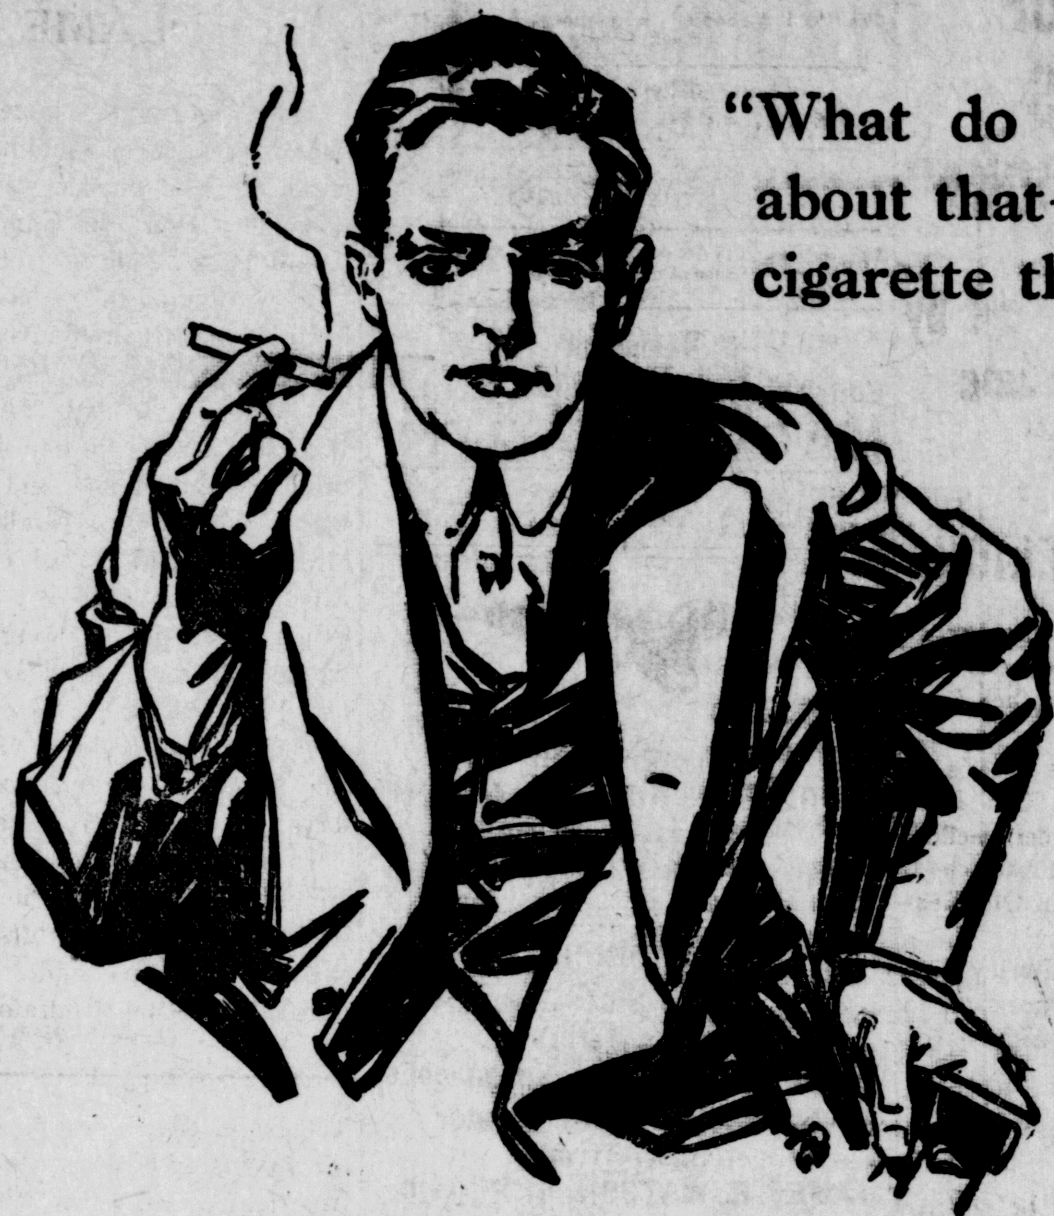

New York, Oct. 20.—Yale is the only one of the big eastern teams which will not be in action tomorrow as it will stage its weekly game this afternoon in the Yale Bowl with Virginia Poly as its opponent.

Harvard has the Massachusetts Aggies on its card for tomorrow's tussle; Princeton will line up against Lafayette at Princeton; Cornell will tackle Bucknell at Ithaca, and Dartmouth will do battle with Georgetown at Hanover. The Navy and Army elevens will be in action, the former against West Virginia at Annapolis and the cadets against Trinity at West Point.

Perhaps the most important conflict will be staged in the far west where Nebraska university and the Oregon Aggies are due for an inter-sectional clash at Portland, Ore. These two teams have been supreme in their section for some time and the result of their contest will be interesting especially to middle and far western football devotees. Nebraska's coach recently left the coaching job at the Oregon school to take up the same duties at Lincoln, and this will add to the rivalry between the schools.

The big nine will be represented on the day's schedule, every school with the exception of Indiana being billed for a combat. Chicago should have easy sailing against North-western, while Minnesota should have no trouble with South Dakota. Wisconsin will meet the Haskell Indians at Madison, and Iowa will clash with Purdue at Iowa City. Illinois and Ohio State will battle in a conference game at Urbana.

Mr. and Mrs. E. B. Thomas and daughter, Dorothy, are moving from their present home in North Main street to the house in North Morgan street vacated by Mr. and Mrs. Samuel Trabue. Mr. and Mrs. Will Norris will move into the house vacated by Thomas.

The meeting of the Pollyanna class of the St. Paul's M. E. church, which was to have been held with Miss Dorothy Moore this evening, has been postponed on account of the basketball game and will be held the first of next week.

A box social will be given at the Locust Grove school house 4 miles south of this city this evening. Miss Georgia Rawlings and Miss Lois Ballinger are teachers there. A crowd of fifty from Circleville is planning to go on a haywagon. Everyone is invited to attend.

As the guests of Mrs. Revilo Ferguson, the members of the Embroidery Club had a delightfully informal time yesterday afternoon. Sewing and chatting furnished entertainment for the ladies who, later in the afternoon, enjoyed the service of a salad course. Mrs. Giffin and daughter, Kathryn, were guests of the club. The next meeting will be with Miss Lucy Inlow.

Miss Rosemary Hassmer of Lawrenceburg, province inspector of the Tri Kappa sorority, was the cause for the delightful supper given last evening at the home of Mrs. Will Norris in North Main street. The menu was furnished in pitch-in style and was enjoyed by about twenty members of the sorority. Preceding this feature of the day, the biennial examination and inspection was given, when the sorority members had gathered at the home of Mrs. Roy E. Harrold.

PIMPPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

IN GREENSBURG

Mr. and Mrs. E. R. Casady and daughter, Phyllis, Miss Irene Geraghty, Mrs. George Monjar, Miss Notie Moran, Will Fitzgerald, Mr. and Mrs. Guy Mulbarger and Miss Pearl Leach formed a party that motored to Greensburg last evening for the centennial. While there they were the dinner guests of Mr. and Mrs. W. J. Hill at the DeArmond Hotel.

GRAND CLUB

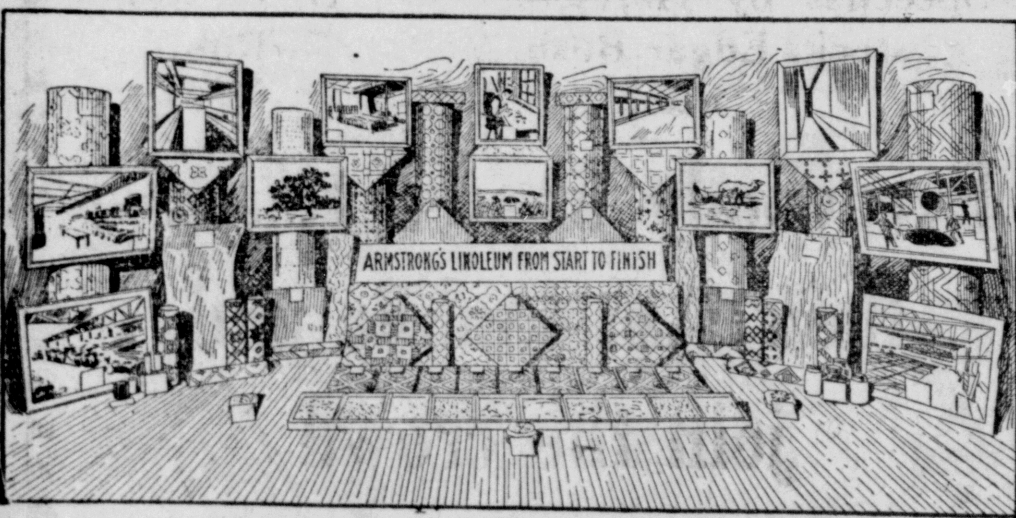

Mrs. Guy Abercrombie pleasantly entertained the members of the Grand Club at her home in North Perkins street yesterday afternoon. Bridge furnished the diversion for the afternoon. Later the ladies were invited into the dining room where an immense bouquet of crimson dahlias decorated the center of the table. There an elegant two course luncheon was served. Mrs. Myers of Kansas City, who is the guest of Mrs. Claude Cambren was among the guests yesterday afternoon.

HOME MISSIONARY

The Home Missionary society of the St. Paul's M. E. church met with Mrs. Samuel L. Innis at her home in North Perkins street yesterday afternoon with about 24 members of the society in attendance. The joint subject of "Young People's Work" and "Temperance" were discussed. Mrs. Sam Morgan dealt with the former in a reading and Mrs. C. M. George read a selection on the latter. Mrs. R. C. Hargrove had charge of the devotion. Beautiful music was furnished by Miss Louise Poe and Miss Esther Anderson. An equally pretty solo was sung by Miss Poe. A short business session was conducted after which tea and wafers were served to the guests.

FOR EPWORTH LEAGUE

Plans to make the Epworth League of the St. Paul's M. E. church more interesting and profitable were discussed at length at the meeting last evening held at the home of Miss Frances Frazee. The members of the cabinet and of the meetings committee attended, there being about 16 present. Plans were made for a box supper to be held at the church in the near future. An invitation for the local league to take charge of the Pleasant Ridge League was accepted although the definite date was not set. Plans for advertising the meetings were discussed and a church service especially for the older people of the church is to be managed by the League in several weeks.

Announcing Our Display of New Armstrong Linoleums

THIS week we have on display in our front window a full line of Armstrong Linoleums. Don't think of buying Linoleum until you have seen our fine display, beautiful patterns and colorings for bed rooms and dining rooms as well as for the kitchens and bath rooms. Our line contains a large assortment of both inlaid and prints. This season's stock is about the nicest array of patterns we remember putting at your service.

We find that Armstrong's goods are extremely popular with customers who are critical about such things. You know the Armstrong reputation for quality, of course, in Linoleums, Inlaid, Prints and Cork Carpets. Our assortment of patterns is complete and pleasing. Call and see them.

The Mauzy Company

Mrs. Revilo Ferguson will entertain her Sunday school class Saturday afternoon at a halloween party at her home in North Harrison street.

The first meeting of the Donnan class will be held with Miss Henrietta Coleman at her home in East Sixth street tomorrow afternoon beginning at 2:30 o'clock. Each prospective member is allowed to bring one guest. This will open the course of talks on "Contemporary Literature," an inclusive and popular subject for today.

PHI DELTA DANCE

Several from this city attended the 2nd anniversary dinner-dance given by the Phi Delta Kappa chapter in Newcastle at the Chambers-Bailey hall last evening. The fraternity colors of red and black were carried out elaborately in the decorations and an orchestra from Fort Wayne played throughout the evening. Members of the fraternity from Anderson, Knightstown, Muncie and Rushville attended. A party motored from this city composed of the Misses Frances Neutenhelzer, Kathleen Hogsett, Mary Harrold and Mildred Lore and Charles Sherman, Francis Knecht, Walter Gartin and Dale Fisher.

FOR MISS GREEN

Miss Gladys Green, whose wedding to Paul Norris of Carthage, is to take place on Wednesday, October 25th, was the guest of honor at the shower given yesterday by Miss Fern Jones and Miss Elsie Abernathy at the home of Miss Jones six miles north of the city. A dainty color scheme of yellow and white was carried out with golden rod, and crepe paper of these colors twined about the chandeliers and in other suitable places. A dainty luncheon in these colors was served. The bride-to-be received a number of useful gifts. Guests at the lovely affair were Miss Edith Ellison, Mrs. Jennie Cohee, Mrs. Hal Green, Mrs. Dora Abernathy, Miss Ruth McBride, and Mrs. Jones.

New Price
13 cents per Package
Two Packages for a Quarter

A Letter from Mr. Wm. Arendshorst, General Manager of the Holland Rusk Co., to the Users of HOLLAND RUSK:

Owing to the extraordinary rise in prices on all materials entering into the making of Holland Rusk, the Holland Rusk Co. was confronted with two alternatives: to lower the quality of Holland Rusk, or to raise the price.

During all the years we have been in business we have prided ourselves on the high quality of Holland Rusk. We have led buyers of Holland Rusk to expect that richness and delicacy of taste that comes only from the use of fresh and highest grade ingredients. We have set a standard we do not wish to lower.

We could use cheaper materials or substitutes, but the result would not be the Holland Rusk you are accustomed to.

We believe the users of Holland Rusk would rather pay a slight increase than have us sacrifice the quality. We have, therefore, decided to maintain the quality and raise the price.

Until further notice the price of Holland Rusk will be thirteen cents per package, or two packages for a quarter.

The same high cost of raw materials also affects the making of Windmill Cookies.

Here, too, we will maintain the high quality and raise the price to thirteen cents per package or two for a quarter.

HOLLAND RUSK COMPANY,
Wm. Arendshorst, General Manager

eating more of it. "Unless you are making a stew or soup, cook the meat so that the juices may be kept in it. Never put meat in a cold skillet."

This afternoon, the demonstration on "Vegetables" was equally good. The two classes of vegetables, starch and succulent, were dealt with. The latter class is divided into mild and strong flavored vegetables. Rice, potatoes and macaroni are examples of starches and cabbages, tomatoes, and spinach are strong flavored succulents while carrots are mild flavored ones. The latter class should be cooked in a small amount of water with the lid on and allowed to simmer. The strong succulents should be cooked in a great deal of water, quickly without a lid. Demonstrations of cooking rice, corn and potato fritters, creamed cabbage, with cheese sauce, rice and peanuts and stuffed mangoes were all made this afternoon.

Indianapolis — Political speakers in Indiana today spoke at the following places: Judge Edwin P. Morrow, of Kentucky, LaPorte; James P. Goodrich in Huntington county; J. A. M. Adair in first district; Governor Ralston, Washington; Senators Taggart and Kern, LaGrange; Harry S. New at Seymour; A Mitchell Palmer of New York, Bluffton; Frank C. Bailey, Redkey.

ARE GETTING MODERN.

Richmond, Ind., Oct. 20.—Churchgoers in Richmond are getting sermons on more modern and absorbing subjects than previously, as a result of suggestions presented to the ministers by a newspaper man. The ministers wished to get more publicity for their churches, so a newspaper man gave them a list of subjects with a view of appealing to the readers.

FIVE PRISONERS CAUGHT

did not know there never was a time when the country was in need of a protective tariff as at this time. He pointed out that the war will not last forever and that when 20,000,000 men in Europe lay down their arms and go back to work their product will be placed in direct competition with that of the working men of this country. He stated that the country did not want an Underwood tariff law but a protective measure to meet this condition.

Continuing Mr. Ross said: "When we ask the democrats why they did not reduce the high cost of living they say 'stand by the president!' When we talk to them about the condition prior to the war they yell 'he's kept us out of war!' He has made us the laughing stock of the civilized world and even heathen Mexico.

"You will recall that 20 red-blooded American boys were killed at Vera Cruz all because of the personal hatred of the president for one man. He did not recognize Huerta and still insisted on his saluting the flag. The president sent our brave boys to Vera Cruz and 20 of them were killed. War ensued. Call it

what you will, but 20 fell dead and were brought home in coffins. The hearts of twenty mothers and twenty fathers were broken and yet they say it was not war. I can picture any one of these twenty fathers hearing a democratic speech in which it is asserted 'he kept us out of war.' It would be a pathetic look. Their brows would be wrinkled and their lips quivering for they would want to know why their sons were sacrificed if it were not war.

"Will you tell me why they were sacrificed? Will some democratic paper tell me why they were sacrificed? Will John W. Kern with his 10 years experience tell me why they were sacrificed. Even tonight 150,000 of our best men are stationed at the Mexican border and why? We are not engaged in war with Mexico. We are supposed to be on friendly terms with this country as the president recognized Carranza. Then came the raids on American border towns and the word was sent out to get Villa. The president ordered the troops to capture the man whom he helped by lifting the embargo on munitions of war as established by that great American, William H. Taft. He ordered the army into Mexico to capture Villa although he had no actual proof that he had ever committed a crime. No one saw him in his raids to this country, yet the army was sent to get him.

"We have gained nothing by capturing of Vera Cruz, the Tampico

incident and the invasion into Mexico, yet we are paying \$15,000,000 a week to maintain our army in Mexico and on the border to simply satisfy a whim of the president."

Mr. Ross then devoted some time to the first voters, telling them never to pass up an opportunity to vote. He urged them to read the political history of the country and see for themselves the great things for which the republican party stands.

Judge Sparks presided at the meeting and first introduced Judge Harvey of Indianapolis, candidate for the supreme bench. Judge Harvey confined his talk to organization lines. The Watson drum corps furnished the music and the glee club gave two selections. Following the address of Mr. Ross, William R. Jinnett, candidate for representative, talked for a few minutes. Mr. Jinnett had a good word for the county ticket and stated that he was running on the record he made in the last session of the legislature.

CREW IS MOURNED AS DEAD

(By United Press.)

Baltimore, Md., Oct. 20.—Paul G. L. Kilken admitted today that the German merchant submarine Bremen is a month overdue, and that he feared the vessel had met with an accident and had been lost with all its crew. This is the first time anyone in a position to know the German side of the story of the Bremen has permitted their name to be used in connection with the belief that the ship is lost.

Kilken is the American manager of the Deutsche-Ozean company, owners of the Bremen and Deutschland. He returned to Baltimore today for New London, Conn., where he has been for weeks awaiting the arrival of the U-liner. He has advises from Germany that the members of the families of the Bremen crew are mourning them as dead.

Wheat Prices Jump to \$1.70 Today in Chicago and \$2.00 Mark is Believed Near.

CORN ADVANCES SHARPLY

(By United Press.)

Chicago, Ill., Oct. 20.—Wheat jumped above the \$1.70 mark today and reached the highest figure since the civil war, with the exception of the high level in the corner of 1898. An hour after the opening December wheat sold at \$1.71½. Later there were recessions.

Grain men were predicting \$2 wheat within a few weeks. Canadian wheat has been snowed under and may not get to market. Threshing has been discontinued and the estimates, already low, were reduced still more.

Corn also went up sharply today, advancing three cents. Reports of snow in the corn belt is held chiefly responsible by grain men.

The Stove with a Little Furnace In It

Have you seen the ESTATE HOT STORM—the stove with a little furnace in it? If you are interested in the heating problem, don't fail to investigate it thoroughly.

We make no extravagant, impossible claims for this stove. It will NOT consume ROCK or SLATE in the coal. But it WILL burn up every particle of combustible matter in the fuel and give you the most comfortably warmed house you ever had.

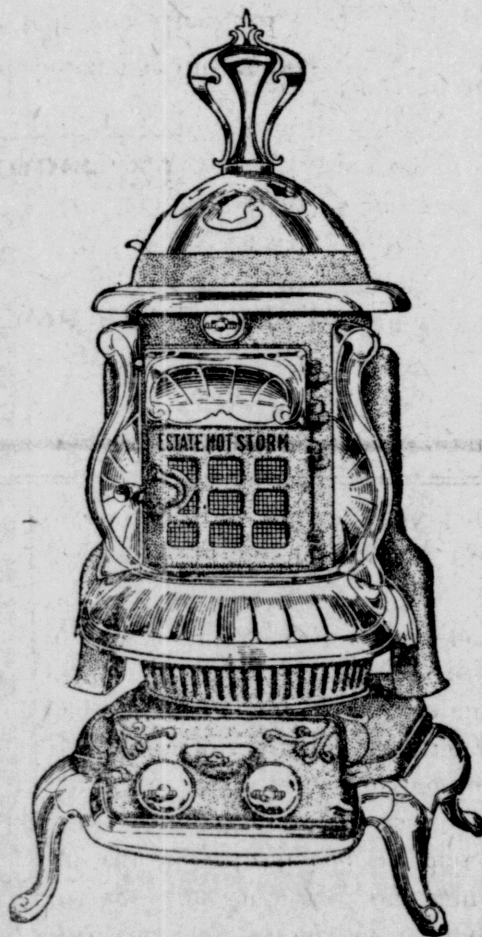

Its JOINTLESS LEG BASE and bottom insures a warm floor and a perfect fire keeper during the life of the stove.

It has the most perfect hot blast system you ever saw—no flues or rings to fill with ashes and burn out.

The "Little Furnace" is the greatest improvement ever added to a hot blast stove. All the others are practically the same as they were fifteen years ago.

There are a number of other important features on this wonderful stove which we will be glad to explain to you.

Leave your order now and avoid disappointment later.

A. J. Ross Recalls Mistakes That Have Been Made in Mexico and in Domestic Policy

MAKES SPEECH AT NEW SALEM

Says Democrats Did Nothing When Placed Into Power but Changed the Tariff Law

A. J. Ross of Andersonville was given a great ovation last night by his friends and neighbors in New Salem where he addressed a republican meeting. The speaking was held in the garage and was attended by a crowd of 250. Jack Ross, who is always at home to a New Salem audience, delivered a spirited republican speech and was frequently applauded.

"I want to talk to you tonight," said Mr. Ross, at the start of his address, "in a spirit of friendship and comradeship. There are some here who do not agree with me politically but we are all friends and those who do not agree with me are just as good citizens as I. They are my friends and your friends and are entitled to their opinions."

"When I was here speaking to you four years ago there was a feeling of sadness and disappointment. We had a divided party. I knew it was a hopeless cause that year and you knew it but I knew that the republican party would 'come back' because a thing that is right will prevail and the republican party has always been right. Four years ago it was a difference of opinion but not of principles. In 1912 we were hopelessly defeated. The democrats yelled that we were gone. They came into power and what did they do? They changed only one thing and that was the tariff."

"The party that was elected by the smallest minority in the history of the country changed only one thing when it came into power. In the fall of 1914 there came another election. The vote in that election was not a vote of confidence in the democratic party and every election since has been favorable to the republicans. You recall the result in Maple. Yet the democrats declare to you that the election was satisfactory to them. They lost two United States Senators and the governor of the state, yet they say it was satisfactory. If we had carried the state by 20,000 they would have said we should have carried it by 25,000, and so it goes. We don't care what we carry Indiana by this fall, my friends, just so it's a majority. I don't care if it's 140,000 or a mere 10,000."

"They told you in 1912 that if you would elect John W. Kern to the United States senate they would reduce the high cost of living. You remember how Kern yelled about forty cent bacon. You remember how they have reduced the cost of bacon so much so that Kern isn't saying a thing about it now. They also told you they would reduce the cost of sugar. You remember how it was done, don't you? They took the tariff off and now we go to the grocery and come away with capsule full for our quarter of a dollar."

"The democrats didn't get any revenue from the sugar imports and then what did they do? They put a war tax on almost everything from deeds and notes on up. That's the way we have paid for this decrease in revenue derived from having no tariff on sugar. Then they took off the war tax on notes and deeds as you know just on the eve of the election."

Mr. Ross then declared that there was not a thinking man there that

Auto Belonging to J. H. Kehl of Connersville is Damaged.

An automobile driven by J. H. Kehl of Connersville was slightly damaged late yesterday afternoon when Kehl lost control of the car and it dashed into a ditch, hitting a pole. The accident occurred in West Third street. Kehl and a young woman were the occupants of the car, but neither was hurt.

SCHOOL BOY RUN DOWN BY BUGGY

Paul Maple, Age 9, is Painfully Hurt at New Salem When Wheels Pass Over His Face

PLAYING IN FRONT OF SCHOOL

Paul Maple, 9 years old, of New Salem, was painfully hurt Thursday afternoon, when he was run over by a rig driven by Samuel Ferguson. The accident occurred in front of the temporary school building, during the recess. The children, with a limited playground, have been in the habit of using the street, and the little boy failed to see the rig.

He was knocked down and the buggy passed over him. One of the wheels passed over his mouth and one side of his face. The boy's lip was badly cut and he was considerably bruised. For a time it was thought he was seriously hurt. He was removed to the home of his parents, Mr. and Mrs. Walter Maple, and while he spent a restless night he was somewhat improved today and it is now believed his injuries will not be serious.

GIRL 17 YEARS OLD COMMITS SUICIDE

Miss Aileen Gilson Drinks Carbolic Acid at Home of Mr. Hood This Afternoon.

IS DAUGHTER OF ED GILSON

Miss Aileen Gilson, 17 years old, committed suicide this afternoon by drinking carbolic acid. The girl was a daughter of Mr. and Mrs. Edward Gilson. Her father is employed in Connersville, but her mother resides in this city. The deed was committed at the home of Mrs. Martha Hood at 225 West Third street.

The cause is not known. The girl drank about three-quarters of an ounce of the acid and died within about fifteen minutes, before medical aid could reach her. Coroner Green was called immediately but has not yet taken any evidence in the case.

The girl died about 2:45 o'clock suffering great agony. She is survived by her parents, two sisters and two brothers.

WEATHER RUNS TRUE TO FORM

Blizzard Comes in Unbidden and the First Snow of the Winter Needs no Alibi

MERCURY DROPS OVER NIGHT

Isn't so Much the Cold, It's the Wind Commonly Heard—Velocity Measured by Flying Hats

In the summertime, it is commonly said: "It isn't so much the heat, it's the humidity."

In the wintertime, around the stove, someone says, and everyone echoes: "It's not so much the cold, it's the wind."

It matters not whether it's summertime or wintertime, it's hot when it's hot and cold when it's cold, whether the humidity or the wind gets the credit.

But to get to the point, this was one of those "it's-not-so-much-the-cold-it's-the-wind" kind of days. Whether it was the wind or the cold, it was cold, spelled in capital letters, though the thermometer showed only 42 degrees above zero.

The tailend of the Gulf states storm arrived unbidden some time early this morning and proceeded to blow away everything that was lying around loose. Incidentally snow fell at intervals during the morning, the first snow of the winter of 1916-1917.

There was no way to measure the velocity of the wind except by the rate at which many people's hats went down the street, which seemed about fifty miles an hour. And there were plenty of opportunities to get at the wind's rate of travel in this manner.

Although winter weather is likely not here to stay so early in the winter, the weather man says it will be clear tonight and colder tomorrow. Last night was exceptionally warm, the mercury rising to seventy degrees, and the sudden drop made today all the more disagreeable.

The Indiana weather bureau last night "saw" the blizzard coming, but the warning was not in time for the blizzard was here by the time people read about it in the morning newspapers. It was by no stretch of the imagination that the white flakes that fell this morning could be called snow. Frequently the first snow takes a lot of alibi, but it was not so today.

CONTROLS PART OF CHIHUAHUA STATE

Villa Has Entire Western and Southern Sections, Mexican Officials Admit Today

CARRANZA EXPECTS ATTACK

(By United Press.)

El Paso, Tex., Oct. 20.—The entire western and southern portions of the state of Chihuahua is now under control of Villa, according to admissions made by Mexican officials at Juarez, as details of the bold bandit raid last Tuesday on the town of San Andres began to reach the border today.

The town of San Andres is only twenty-five miles west of Chihuahua City. According to refugees, Carranzista troops are making no efforts to chase the bandits and are avoiding a conflict.

Thousands of Carranzista troops brought from southern Mexico are being held in Chihuahua City to aid the garrison there as the authorities expect an attack.

DIFFERENT CUTS MEAT DISCUSSED

Head of Domestic Science Department of Purdue Gives Some Hints to Housewives.

FIRST OF LECTURE SERIES

This Afternoon Lecture and Demonstration is About Vegetables and Their Food Values.

Miss Garvin in her talk and demonstration today sounded her watch word of practicability that will continue throughout her course of demonstrations to be given here. Miss Garvin, head of the domestic science department at Purdue university, is here under the auspices of the Domestic Science club of this city for the meetings held in the court house assembly room today and morning and afternoon sessions tomorrow. Her talk this morning on "Meats" giving in detail the location of the cuts and how best to cook them, as well as her demonstrations this afternoon of vegetables was simply full of suggestions and facts that are not only helpful but almost imperative for the modern housewife to know.

Tomorrow morning, the sessions will continue at 9:30 o'clock with a demonstration on "Attractive and Palatable Salads from Materials Usually Found in the Average Home," and in the afternoon at 1:30 on "Attractive and Simple Desserts From Inexpensive Materials." The afternoon meeting is put at this time in order that those wishing to attend the Donnan class may do so. Miss Garvin is a very able and clear speaker and with her demonstrations shows her knowledge of everything in the household science line.

In her introduction this morning, Miss Garvin gave the general outline of the location of the different cuts of meat and their value. "Not always is the most expensive cut of meat, the best, all depends on how it is prepared. As to economizing in these days of the high cost of living, if fuel and your time are valuable, it is better to buy high meat that takes a shorter time to cook. On the other hand, if you have time and fuel is not high, a cheaper and tougher cut may be prepared in just as tempting and digestible a way in a longer time." The greater part of Miss Garvin's talk dealt with how to prepare cheap cuts of meat to best advantage. Too, she showed where the cuts were in order that they could be ordered by name and the buyer would know what she was buying.

Miss Garvin suggested several ways of making a tough cut of meat tender. To bury a steak in crushed ice for an hour or to let it soak in sour milk over night, tend to make the tissues more tender. Every piece of meat passes through three stages. First when it is killed and is warm and tender; in the second stage, when the warmth has just gone out it is tasteless and the juices coagulate; in the third state after it is cooled it becomes tender again. For this reason, it is better not to eat a chicken the same day it is killed for it only reaches the second stage. "Sour milk not only makes a steak tender, but too is more nutritious and cheaper. I usually use it in making a loaf."

The location of the loin steak on the hind quarter, round bone loin steaks, double bone loins, hip bone steaks, porter house and other cuts of meat were described by Miss Garvin. "The chuck roast between the 5th and 6th ribs is good, both in flavor and it gives enough for some to be left for the next meal."

Miss Garvin emphasized the value of mutton as a digestive food and said prejudice kept the people from

SHARP'S DEFENSE IS SENSATIONAL

Jury Hears Unusual Case Being Prosecuted by Miss Mary Souther in Circuit Court.

G. W. SILER GETS JUDGMENT

The case of Mary Souther against Alfred Sharp occupied the attention of the circuit court today. The case went to the jury this afternoon. Miss Souther alleges Sharp is the father of her child. Most of the testimony was of a character to be unprintable. The defense of Sharp was one of the most sensational ever submitted in a case of this kind and was credited as being a frame-up by the attorney for the plaintiff. John A. Tittsworth represented Miss Souther, while Kiplinger and Smith appeared for the defendant.

The jury yesterday which heard the case of George W. Siler against John T. Green and Marshall Green, returned a verdict for Siler in the sum of \$29.85 after being out about two and one-half hours. This means that Siler will have to pay the costs as he did not get as much as he did in the squire's court, where the case was originally tried. The verdict was virtually a victory for the defense as the judgment was reduced from \$70 to that returned yesterday.

CANDIDATES NAMES CERTIFIED TO CLERK

Will be Three County Tickets in the Field, Republican, Democratic and Progressive.

THERE MAY BE ONE SOCIALIST

With the exception of the socialist ticket, all of the county tickets to be voted on at the election, November 7, have been certified to the clerk of the court and the election commissioners will meet next Monday to start work on getting out the county ballots.

The republican and democratic tickets were certified as nominated at the primary. There were two changes in the progressive county ticket. Donald Kiser withdrew as a candidate for county auditor, and Will A. McCoy of Greensburg, candidate for joint senator, sent notice of his withdrawal as a candidate on the progressive ticket.

Tomorrow is the last day for certifying the names to the clerk. The socialists have a candidate for joint senator, but it is doubtful if the name is received in time. The election commissioners are the same as in the primary, namely, Clerk Taylor, Verne W. Norris and Donald L. Smith.

ATTEMPT SEEN TO KILL WILSON

Man Giving Names as Richard Cullen Makes Determined Effort to Mount President's Car

INCIDENT AT PITTSBURGH

Says he is Dissatisfied With President's Handling of Foreign Affairs—Thought Insane

BY ROBERT W. BENDER
(U. P. Staff Correspondent.)

Pittsburgh, Penn., Oct. 20.—During the president's ride about Pittsburgh today a man carrying a black satchel made determined efforts to jump on the running board of the president's car. He was finally overpowered and taken to a station house by the police.

At the station house the man gave the name of Richard Cullen. He is a Pittsburgher, 22 years old. When questioned he said he was dissatisfied with the president's handling of European affairs, but did not admit that he intended to attack the president.

In the satchel the police say they found a large bladed knife and some chisels. The catch was unfastened.

After examining the prisoner the police expressed the belief that Cullen is insane and will hold him for further investigation. The attack occurred in the heart of the city.

During the struggle between Cullen and secret service men a loaded revolver fell into the street. Whether the gun belonged to Cullen or the police is yet to be determined.

SERBIAN ARMY PUSHES FORWARD

In Face of Stubborn Bulgarian Resistance, Advances Two Miles Past Monastir

BERLIN DENIES STATEMENT

(By United Press.)

London, Oct. 20.—In the face of stubborn Bulgarian resistance the Serbian army has pushed two miles northeast of the Bulgarian base at Monastir, according to the official report this afternoon.

The forty-first and twenty-eighth Bulgarian regiments, the official statement declares, have been defeated and four machine guns, three field guns and 80 prisoners taken.

The Serbian claims of further successes are denied in the official statement from the Berlin war office. Berlin's official statement admitted that the Serbian army has made some gains but declared that the offensive in Cerna has been checked.

Fragmentary messages from the Greek capital indicate that the situation was more critical despite military reports yesterday to the contrary.

On the western front heavy rains continue to impede the operations. The Germans reported the recapture of trenches north of Somme from the British.

GERMAN OFFICER WOUNDED.

(By United Press.)

Rome, Oct. 20.—Field Marshal Falkenhayn former chief of the German army staff has been wounded in the leg and compelled to relinquish command of the Austro-German army in the Transylvania, according to reports received here today. Falkenhayn was named chief of the general staff succeeding Moltke in 1914, and was displaced by Von Hindenburg. He later took command of the Transylvania fighting.

PLAN FOR CONFERENCE

The Methodist preachers of the Connersville district had a meeting yesterday at the home of the Rev. W. M. Whitsitt of this city when they made out the program for a revival conference to be held in Shelbyville the latter part of this month. There is a possibility of Bishop Anderson being present at the conference. Dr. C. E. Bacon, presiding elder of this district, presided at the meeting yesterday.

NO RELIEF FOR TROOPS

(By United Press.)
Washington, Oct. 20.—No further important relief of border troops is contemplated by the war department until after the American-Mexican commission has reached a decision, it was learned today. If the decision is satisfactory the troops, it is said, will return in a body. Otherwise all will probably be left at their present border stations.

Asthma Sufferer

Write today, I will tell you, free of charge, of a simple home treatment for asthma which cured me after physicians and change of climate failed. I am so grateful for my present good health, after years of suffering, that I want everyone to know of this wonderful treatment. Mrs. Nellie Evans, 555, R. 26, Des Moines, Iowa.—Adv.

AFTER GRIPPE

Mrs. Findley Made Strong by Vinol

Severy, Kans.—"The grippe left me in a weak, nervous, run-down condition. I was too weak to do my housework and could not sleep. After trying different medicines without benefit Vinol restored my health, strength and appetite. Vinol is a grand medicine and every weak, nervous run-down woman should take it."—MRS. GEO. FINDLEY.

Vinol sharpens the appetite, aids digestion, enriches the blood, and builds up natural strength and energy.—F. B. Johnson & Co., Rushville, also at the leading drug stores in all Indiana towns.—(Adv.)

We put it up to
Hundreds of Dentists

Long before SENRECO was offered to you we submitted it to hundreds of dentists, requesting that they put it to every test. Told them that we believed Senreco to be an unusually good dentifrice, especially as to its cleansing qualities and its remedial action on sore, soft, bleeding gums; in the treatment of Pyorrhea, etc. Submitted the formula and asked them their opinion. They tested Senreco from every angle; some going even so far as to make a chemical analysis—

And They Voted Yes

With practically one accord—said:

"Senreco appeals to me more than any dentifrice I have ever seen." "I cannot say too much for Senreco. It's one of the best I have used." "I can recommend Senreco as the best." "Makes the teeth clean and is free from injurious ingredients, including pumice and grit." "I am indeed glad to get a tooth paste that does the work." "Congratulations you on formulating a dentifrice that gives one a new idea of mouth cleanliness, etc." (These quotations are from the dentists' reports. Originals on file at our office.)

With such endorsements from the men who know, why not go to your dealer today and get a tube of SENRECO—25c. Keep your teeth REALLY CLEAN, and protect yourself against Pyorrhea and decay.

A copy of the folder, "The Most General Disease in the World" together with a liberal trial size tube of SENRECO will be mailed you for 4c in stamps. The Santal Remedier Co., Inc. Dept. B, Masonic Temple, Cincinnati, Ohio.

Indianapolis Woman Tells the Story of Her Relief Through Tanlac's Use

Indianapolis, Ind., Oct. 19.—Mrs. Carrie Meyer, a well known resident of this city, told the following story here recently during one of the many discussions held in this city each day regarding Tanlac, the Master Medicine:

"Stomach trouble caused me a great deal of pain and annoyance for a long time. Finally my condition became run down generally. Headaches bothered me frequently; food fermented in my stomach; my appetite was poor. There was a bad taste in my mouth and my breath was offensive.

"The headaches are a thing of the past since I have taken Tanlac and generally I have derived big benefits from the medicine's use. I'm not bloated after meals as before and my appetite is fine now."

"Tanalac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism and the like, and is a fine blood purifier and a general tonic for weak run-down people. Tanlac is now sold exclusively in Rushville at F. E. Wolcott's drug store; in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Sons, and in Milroy at Barton and Sheppard's.—(Adv.)

THE PUREST OF CHEWS IS "OLD KENTUCKY"

Perfect Plugs Produced by
the Most Wholesome
Methods

ITS FLAVOR A DELIGHT

There's more genuine tobacco enjoyment in a rich, mellow, juicy chew of high-grade plug than in any other form of tobacco.

And there's no plug made that is so delicious and appetizing as Old Kentucky. It has the fresh, sweet, mellow taste that Nature gives the tobacco leaf. You get real tobacco flavor in Old Kentucky—and you get it pure.

From the time the ripe Burley leaf reaches our factory, until it goes out to gladden your taste with its rich flavor in golden brown plugs of Old Kentucky, it is kept pure by the most modern methods ever applied to the making of chewing tobacco.

No factory could possibly be cleaner or more sanitary than the great, new factory in which Old Kentucky is made. For a good chew—get a plug of Old Kentucky.

Try a 10c plug to-day.

Evlyn White vs. Willard Colter, Harry Colter, Fred T. White.
Complaint No. 1018.

Now comes the plaintiff, by Kiplinger & Smith, and Tremain & Turner, attorneys, and files her complaint herein, together with an affidavit, that the residence of the defendant, Fred T. White, is unknown, and that diligent inquiry has been made to ascertain the residence of said defendant, but that said inquiry has not disclosed the residence of said defendant.

Notice is therefore hereby given said defendant, that unless he be and appear on the 27th day of November, 1916, the same being the 7th judicial day of the November term, 1916, of the Rush Circuit court, to be holden at the court house in Rushville in said county and State, and answer or demur to said complaint, the same will be heard and determined in his absence.

In witness whereof I have hereunto set my hand, and affixed the seal of said court, at Rushville, this 29th day of September, A. D. 1916.

Ford's Logic.

With that keen appreciation of business which has made him so successful, Henry Ford of Detroit has announced his intention of establishing an automobile factory in England in order that he may be able to avail himself of the abundant supply of cheap labor which will follow the end of the war. The London Daily Telegraph has started a movement to prohibit the importation of all American cars after the war. It points out, apropos of the effect of the war upon the equipment of motor works, that, "The small shop is now the big shop, large works have become factories, and those works which were approaching factory proportions have so grown as to cover acres and acres of ground, fully equipped with tools and appliances for large production. At present they are occupied with war work, but the time must come, sooner or later, when these shops will have to depend for orders upon the motor using public. If America could produce a four-seated vehicle fitted with electrical equipment for lighting and starting for 100-pounds (\$500), this country should certainly be able to produce an improved article for 150 pounds or so." That

WHY THAT LAME BACK?

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Rushville resident's example.

Samuel A. Brown, 206 Pearl St., Rushville, says: "I had a severe attack of backache and it became worse every day. Finally, the trouble was so bad that I could hardly raise my foot above the ground. When I stopped I thought my back would break. I used Doan's Kidney Pills and was very much surprised at the prompt way in which they stopped the trouble. In a few days, I was free from pain."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement)

Telegraph then goes on to advocate the exclusion by the Allies of all American made cars when the war ends. It declares that with American and German cars excluded, England, France and Italy should be able to capture the trade of Russia.

Canada For Wilson.

"A United States Congress that will not alter the Underwood tariff is the hope of British manufacturers and especially those with factories in Canada." This is the message which comes from the proceedings of the British Trade Commission at Winnipeg, where the Commission is conducting investigations to determine the best means of promoting Imperial and Dominion export trade once the war is over. "If present plans of the Trade Commission work out," telegraphs the Winnipeg correspondent of the New York Herald, "the tariff wall around Canada will be raised so high that few if any of the products of the United States factories will be able to reach this market, while at the same time it is hoped to see Underwood tariff continue in existence to the end that the trade balance with the Republic will be substantially in favor of Canada." The Underwood tariff has already done wonders for Canada and writes the correspondent, the Canadian belief is that "A democratic Congress in the United States will insure a continuance of this ideal condition."

WOMAN HAD NERVOUS TROUBLE

Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for female troubles and it straightened me out in good shape. I work nearly all the time, as we live on a farm and I have four girls. I do all my sewing and other work with their help, so it shows that I stand it real well. I took the Compound when my ten year old daughter came and it helped me a lot. I have also had my oldest girl take it and it did her lots of good. I keep it in the house all the time and recommend it."—Mrs. DEWITT SINCEBAUGH, West Danby, N. Y.

Sleeplessness, nervousness, irritability, backache, headaches, dragging sensations, all point to female derangements which may be overcome by Lydia E. Pinkham's Vegetable Compound. This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Ten Entombed at Barrackville Can't Escape—Rescuer Dies

(By United Press.)

Barrackville, W. Va., Oct. 20.—Superintendent Jones of the mine rescue car from Pittsburgh was asphyxiated while trying to reach entombed men at the Jameson mine today. Hope for 9 or 10 men believed to be sealed in one of the mine chambers has practically been abandoned. The workings are filled with gas. Six bodies were taken from the mine early today.

The Influence of Clothes

¶ For the visual influence of clothes, look to the stage. The matinee idol is always immaculate.

¶ For the authoritative influence of clothes look to the brass-buttoned uniform of a policeman. This impression imparts a sense of security as well as respect.

¶ For the soul-stirring influence of clothes, look to the uniformly clad corps of soldiers on parade or marching off to war.

¶ For the democratizing influence of clothes look to our conventional everyday civilian garb. Millionaire and pauper, employer and employe, doctors, lawyers, senators and scientists dress almost entirely alike.

(By United Press.)

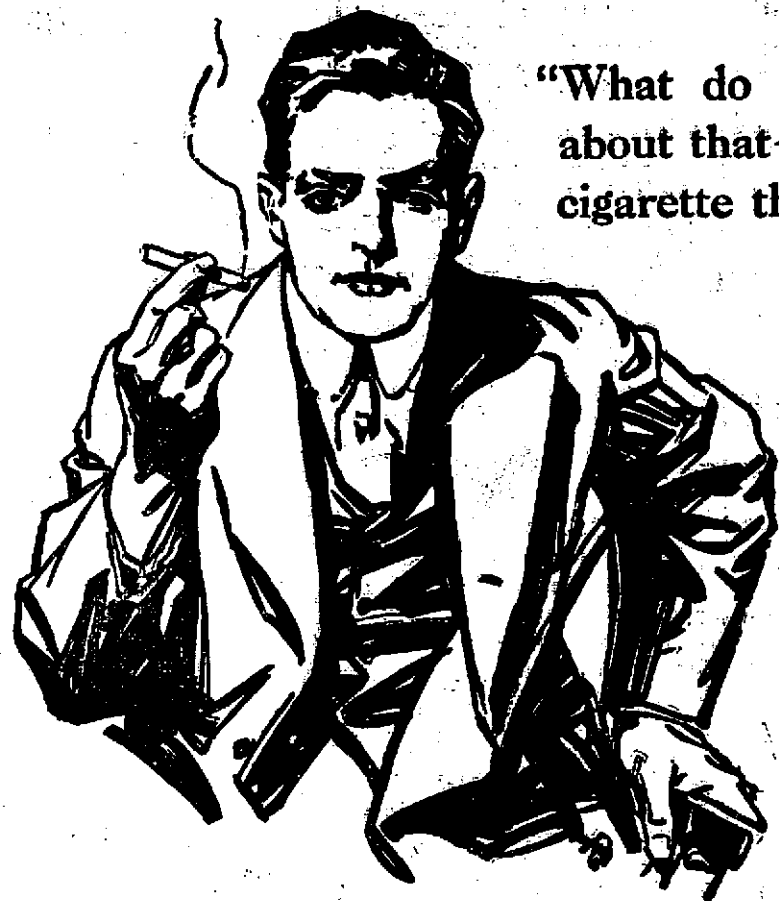

New York, Oct. 20.—Yale is the only one of the big eastern teams which will not be in action tomorrow as it will stage its weekly game this afternoon in the Yale Bowl with Virginia Poly as its opponent.

Harvard has the Massachusetts Aggies on its card for tomorrow's tussle; Princeton will line up against Lafayette at Princeton; Cornell will tackle Bucknell at Ithaca, and Dartmouth will do battle with Georgetown at Hanover. The Navy and Army elevens will be in action, the former against West Virginia at Annapolis and the cadets against Trinity at West Point.

Perhaps the most important conflict will be staged in the far west where Nebraska university and the Oregon Aggies are due for an inter-sectional clash at Portland, Ore. These two teams have been supreme in their section for some time and the result of their contest will be interesting especially to middle and far western football devotees. Nebraska's coach recently left the coaching job at the Oregon school to take up the same duties at Lincoln, and this will add to the rivalry between the schools.

The big nine will be represented on the day's schedule, every school with the exception of Indiana being billed for a combat. Chicago should have easy sailing against North-western, while Minnesota should have no trouble with South Dakota. Wisconsin will meet the Haskell Indians at Madison, and Iowa will clash with Purdue at Iowa City. Illinois and Ohio State will battle in a conference game at Urbana.

Mr. and Mrs. E. B. Thomas and daughter, Dorothy, are moving from their present home in North Main street to the house in North Morgan street vacated by Mr. and Mrs. Samuel Trabue. Mr. and Mrs. Will Norris will move into the house vacated by Thomas.

Chesterfields have done "the impossible"—they satisfy and yet they are not strong. They are MILD! Chesterfields do for your smoking what bacon and eggs do for your breakfast—they satisfy.

And yet Chesterfields are MILD—that's the point.

No other cigarette can give you this new enjoyment (satisfy yet mild) because no cigarette maker can copy the Chesterfield blend.

This blend is an entirely new combination of tobaccos and is undoubtedly the most important new thing in cigarette making in 20 years.

The meeting of the Pollyanna class of the St. Paul's M. E. church, which was to have been held with Miss Dorothy Moore this evening, has been postponed on account of the basketball game and will be held the first of next week.

A box social will be given at the Locust Grove school house 4 miles south of this city this evening. Miss Georgia Rawhngs and Miss Lois Ballinger are teachers there. A crowd of fifty from Circleville is planning to go on a haywagon. Everyone is invited to attend.

As the guests of Mrs. Revilo Ferguson, the members of the Embroidery Club had a delightfully informal time yesterday afternoon. Sewing and chatting furnished entertainment for the ladies who, later in the afternoon, enjoyed the service of a salad course. Mrs. Giffin and daughter, Kathryn, were guests of the club. The next meeting will be with Miss Lucy Inlow.

Miss Rosemary Hassmer of Lawrenceburg, province inspector of the Tri Kappa sorority, was the cause for the delightful supper given last evening at the home of Mrs. Will Norris in North Main street. The menu was furnished in pitch-in style and was enjoyed by about twenty members of the sorority. Preceding this feature of the day, the biennial examination and inspection was given, when the sorority members had gathered at the home of Mrs. Roy E. Harrold.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

IN GREENSBURG

Mr. and Mrs. E. R. Casady and daughter, Phyllis, Miss Irene Geraghty, Mrs. George Monjar, Miss Nodie Moran, Will Fitzgerald, Mr. and Mrs. Gay Mulharger and Miss Pearl Leach formed a party that motored to Greensburg last evening for the centennial. While there they were the dinner guests of Mr. and Mrs. W. J. Hill at the DeArmond Hotel.

GRAND CLUB

Mrs. Guy Abernethy pleasantly entertained the members of the Grand Club at her home in North Perkins street yesterday afternoon. Bridge furnished the diversion for the afternoon. Later the ladies were invited into the dining room where an immense bouquet of crimson dahlias decorated the center of the table. There an elegant two course luncheon was served. Mrs. Myers of Kansas City, who is the guest of Mrs. Claude Cambren was among the guests yesterday afternoon.

HOME MISSIONARY

The Home Missionary society of the St. Paul's M. E. church met with Mrs. Samuel L. Innis at her home in North Perkins street yesterday afternoon with about 24 members of the society in attendance. The joint subject of "Young People's Work" and "Temperance" were discussed. Mrs. Sam Morgan dealt with the former in a reading and Mrs. C. M. George read a selection on the latter. Mrs. R. C. Hargrove had charge of the devotion. Beautiful music was furnished by Miss Louise Poe and Miss Esther Anderson. An equally pretty solo was sung by Miss Poe. A short business session was conducted after which tea and wafers were served to the guests.

FOR EPWORTH LEAGUE

Plans to make the Epworth League of the St. Paul's M. E. church more interesting and profitable were discussed at length at the meeting last evening held at the home of Miss Frances Frazee. The members of the cabinet and of the meetings committee attended, there being about 16 present. Plans were made for a box supper to be held at the church in the near future. An invitation for the local league to take charge of the Pleasant Ridge League was accepted although the definite date was not set. Plans for advertising the meetings were discussed and a church service especially for the older people of the church is to be managed by the League in several weeks.

A Letter from Mr. Wm. Arendshorst, General Manager of the Holland Rusk Co., to the Users of HOLLAND RUSK:

Owing to the extraordinary rise in prices on all materials entering into the making of Holland Rusk, the Holland Rusk Co. was confronted with two alternatives: to lower the quality of Holland Rusk, or to raise the price.

During all the years we have been in business we have prided ourselves on the high quality of Holland Rusk. We have led buyers of Holland Rusk to expect that richness and delicacy of taste that comes only from the use of fresh and highest grade ingredients. We have set a standard we do not wish to lower.

We could use cheaper materials or substitutes, but the result would not be the Holland Rusk you are accustomed to.

We believe the users of Holland Rusk would rather pay a slight increase than have us sacrifice the quality. We have, therefore, decided to maintain the quality and raise the price.

Until further notice the price of Holland Rusk will be thirteen cents per package, or two packages for a quarter.

The same high cost of raw materials also affects the making of Windmill Cookies.

Here, too, we will maintain the high quality and raise the price to thirteen cents per package or two for a quarter.

Mrs. Revilo Ferguson will entertain her Sunday school class Saturday afternoon at a halloween party at her home in North Harrison street.

The first meeting of the Donnan class will be held with Miss Henrietta Coleman at her home in East Sixth street tomorrow afternoon beginning at 2:30 o'clock. Each prospective member is allowed to bring one guest. This will open the course of talks on "Contemporary Literature," an inclusive and popular subject for today.

PHI DELTA DANCE

Several from this city attended the 2nd anniversary dinner-dance given by the Phi Delta Kappa chapter in Newcastle at the Chambers-Billy hall last evening. The fraternity colors of red and black were carried out elaborately in the decorations and an orchestra from Fort Wayne played throughout the evening. Members of the fraternity from Anderson, Knightstown, Muncie and Rushville attended. A party motored from this city composed of the Misses Frances Neutzenhelzer, Kathleen Hogsett, Mary Harrold and Mildred Lore and Charles Sherman, Francis Kiecht, Walter Gartin and Dale Fisher.

FOR MISS GREEN

Miss Gladys Green, whose wedding to Paul Norris of Carthage, is to take place on Wednesday, October 25th, was the guest of honor at the shower given yesterday by Miss Fern Jones and Miss Elsie Abernathy at the home of Miss Jones six miles north of the city. A dainty color scheme of yellow and white was carried out with golden rod, and crepe paper of these colors twined about the chandeliers and in other suitable places. A dainty luncheon in these colors was served. The bride-to-be received a number of useful gifts. Guests at the lovely affair were Miss Edith Ellison, Mrs. Jennie Cohee, Mrs. Hal Green, Mrs. Dora Abernathy, Miss Ruth McBride, and Mrs. Jones.

ADDITIONAL SOCIETY

About 75 members of the Eastern Star are expected to attend the pitch-in supper being given at the Masonic Temple this evening. The supper will be followed by degree work.

A masquerade social will be given at the Glenwood garage on Halloween evening, to which everyone is invited. Oysters, ice cream and cake, pumpkin pie and coffee will be on sale. The mask march will be at 8 o'clock.

The meeting of the Ladies Aid society of the Catholic church held with Mrs. Anthony Schrichte yesterday afternoon was a social meeting, when an informal good time was enjoyed by the 15 ladies present. The hostess was assisted in entertaining by Mrs. Robert Williamson.

DIFFERENT CUTS MEAT DISCUSSED

Continued from Page 1:
eating more of it. "Unless you are making a stew or soup, cook the meat so that the juices may be kept in it. Never put meat in a cold skillet."

This afternoon, the demonstration on "Vegetables" was equally good. The two classes of vegetables, starch and succulent, were dealt with. The latter class is divided into mild and strong flavored vegetables. Rice, potatoes and macaroni are examples of starches and cabbage, tomatoes, and spinach are strong flavored succulents while carrots are mild flavored ones. The latter class should be cooked in a small amount of water with the lid on and allowed to simmer. The strong succulents should be cooked in a great deal of water, quickly without a lid. Demonstrations of cooking rice, corn and potato fritters, creamed cabbage, with cheese sauce, rice and peanuts and stuffed mangoes were all made this afternoon.

Washington—Odd Fellows of this city will be entertained this evening by work to be given to candidates by the Indianapolis degree team.

Hartford City—Members of the Insurance Federation of Indiana will come here this evening to attend a meeting of insurance men.

Indianapolis—Political speakers in Indiana today spoke at the following places: Judge Edwin P. Morrow, of Kentucky, LaPorte; James P. Goodrich in Huntington county; J. A. M. Adair in first district; Governor Ralston, Washington; Senators Taggart and Kern, LaGrange; Harry S. New at Seymour; A. Mitchell Palmer of New York, Bluffton; Frank C. Bailey, Redkey.

ARE GETTING MODERN.

Richmond, Ind., Oct. 20.—Churchgoers in Richmond are getting sermons on more modern and absorbing subjects than previously, as a result of suggestions presented to the ministers by a newspaper man. The ministers wished to get more publicity for their churches, so a newspaper man gave them a list of subjects with a view of appealing to the readers.

FIVE PRISONERS CAUGHT

(By United Press.)
Ossining, N. Y., Oct. 20.—After an all night search through the woods of the estate of John D. Rockefeller, during which one of the six convicts escaped from Sing Sing prison was shot and wounded, five of the prisoners had been captured today.

Mexico City, Oct. 19.—General Carranza in all probability will be elected president of Mexico at the extraordinary elections late in January without serious opposition if he has any opposition at all. Several political groups have offered him their support.

BLUNDERS OF PARTY RECITED

Continued from Page 1.

did not know there never was a time when the country was in need of a protective tariff as at this time. He pointed out that the war will not last forever and that when 20,000,000 men in Europe lay down their arms and go back to work their product will be placed in direct competition with that of the working men of this country. He stated that the country did not want an Underwood tariff law but a protective measure to meet this condition.

Continuing Mr. Ross said: "When we ask the democrats why they did not reduce the high cost of living they say 'stand by the president!' When we talk to them about the condition prior to the war they yell 'he's kept us out of war!' He has made us the laughing stock of the civilized world and even heathen Mexico.

"You will recall that 20 red-blooded American boys were killed at Vera Cruz all because of the personal hatred of the president for one man. He did not recognize Huerta and still insisted on his saluting the flag. The president sent our brave boys to Vera Cruz and 20 of them were killed. War ensued. Call it

what you will, but 20 fell dead and were brought home in coffins. The hearts of twenty mothers and twenty fathers were broken and yet they say it was not war. I can picture any one of these twenty fathers hearing a democratic speech in which it is asserted 'he kept us out of war.' It would be a pathetic look. Their brows would be wrinkled and their lips quivering for they would want to know why their sons were sacrificed if it were not war.

"Will you tell me why they were sacrificed? Will some democratic paper tell me why they were sacrificed? Will John W. Kern with his 10 years experience tell me why they were sacrificed. Even tonight 150,000 of our best men are stationed at the Mexican border and why? We are not engaged in war with Mexico. We are supposed to be on friendly terms with this country as the president recognized. Carranza. Then came the raids on American border towns and the word was sent out to get Villa. The president ordered the troops to capture the man whom he helped by lifting the embargo on munitions of war as established by that great American, William H. Taft. He ordered the army into Mexico to capture Villa although he had no actual proof that he had ever committed a crime. No one saw him in his raids to this country, yet the army was sent to get him.

"We have gained nothing by capturing of Vera Cruz, the Tampico

incident and the invasion into Mexico, yet we are paying \$15,000,000 a week to maintain our army in Mexico and on the border to simply satisfy a whim of the president."

Mr. Ross then devoted some time to the first voters, telling them never to pass up an opportunity to vote. He urged them to read the political history of the country and see for themselves the great things for which the republican party stands.

Judge Sparks presided at the meeting and first introduced Judge Harvey of Indianapolis, candidate for the supreme bench. Judge Harvey confined his talk to organization lines. The Wat-on drum corps furnished the music and the glee club gave two selections. Following the address of Mr. Ross, William R. Jinnett, candidate for representative, talked for a few minutes. Mr. Jinnett had a good word for the county ticket and stated that he was running on the record he made in the last session of the legislature.

ADMITS HE FEARS BREMEN IS LOST

American Manager of Company
Owning U-Merchantmen Believes She Met With Accident

CREW IS MOURNED AS DEAD

(By United Press.)
Baltimore, Md., Oct. 20.—Paul G. L. Kilken admitted today that the German merchant submarine Bremen is a month overdue, and that he feared the vessel had met with an accident and had been lost with all its crew. This is the first time anyone in a position to know the German side of the story of the Bremen has permitted their name to be used in connection with the belief that the ship is lost.

Kilken is the American manager of the Deutsche-Ozean company, owners of the Bremen and Deutschland. He returned to Baltimore today for New London, Conn., where he has been for weeks awaiting the arrival of the U-liner. He has advised from Germany that the members of the families of the Bremen crew are mourning them as dead.

HIGHEST BUT ONCE SINCE CIVIL WAR

Wheat Prices Jump to \$1.70 Today in Chicago and \$2.00 Mark is Believed Near.

CORN ADVANCES SHARPLY

(By United Press.)
Chicago, Ill., Oct. 20.—Wheat jumped above the \$1.70 mark today and reached the highest figure since the civil war, with the exception of the high level in the corner of 1898. An hour after the opening December wheat sold at \$1.71½. Later there were recessions.

Gruin men were predicting \$2 wheat within a few weeks. Canadian wheat has been snowed under and may not get to market. Thrashing has been discontinued and the estimates, already low, were reduced still more.

Corn also went up sharply today, advancing three cents. Reports of snow in the corn belt is held chiefly responsible by grain men.

DRAKE'S VARIETY STORE

The Stove with a Little Furnace In It

Have you seen the ESTATE HOT STORM—the stove with a little furnace in it? If you are interested in the heating problem, don't fail to investigate it thoroughly.

We make no extravagant, impossible claims for this stove. It will NOT consume ROCK or SLATE in the coal. But it WILL burn up every particle of combustible matter in the fuel and give you the most comfortably warmed house you ever had.

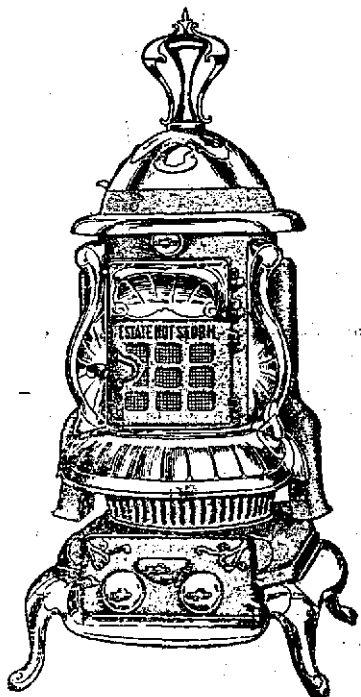

Its JOINTLESS LEG BASE and bottom insures a warm floor and a perfect fire keeper during the life of the stove.

It has the most perfect hot blast system you ever saw—no flues or rings to fill with ashes and burn out.

The "Little Furnace" is the greatest improvement ever added to a hot blast stove. All the others are practically the same as they were fifteen years ago.

There are a number of other important features on this wonderful stove which we will be glad to explain to you.

Leave your order now and avoid disappointment later.
